

AMCiTROL

Amcitol is a stabilized blend of three active biocides:

Chlorinated Phenols..... 10%

Aldehydes..... 15%

Quaternary Ammonium Compounds..... 10%

Total biocidal content

35%

FEATURES:

- Broad-spectrum effects against wide range of pathogens like viruses, bacteria, and fungi
- Aldehyde content is tamed, thereby, retarding evaporation.
- Fast-acting and provides long-lasting effect up to 7 days
- Non-corrosive and non-irritating at recommended levels
- Tolerates hard water with up to 10% organic soil contamination
- Used on hard surfaces and as a general farm sanitizer

RECOMMENDED USE RATE:

Normal use 1: 325

Heavy-duty use 1: 200 - 256

**300 ml of solution can effectively disinfect 1 sq. meter area*

HANDLING AND STORAGE PRECAUTIONS:

- Keep out of children's reach.
- Keep all disinfectants away from food, feedstuff and other chemicals.
- Avoid direct skin contact with pure Amtrol.
- Use of protective goggles and gloves is recommended.
- Corrosive in pure form but diluted product is generally safe to handle.
- Store in original container protected from direct sunlight, heat and moisture.
- Store at 4°C to 35°C.
- Keep lid tightly closed.
- Do not reuse containers.
 - ** *In case of accidents, flush eyes with running water and wash skin with soap and water.*
 - ** *If irritation persists, seek medical advice.*
