

AMCiDDAC 50

Didecyl dimethyl ammonium chloride

AMCiDDAC 50 is a twin-chain quaternary-based disinfectant and sanitizer for poultry and swine operations. AMCiDDAC 50 has superior germicidal activity compared with common quaternary ammonium products.

FEATURES:

- Broad-spectrum effects against wide range of pathogens like viruses, bacteria, and fungi
- Fast-acting and provides long-lasting effect up to 7 days
- Delivers superior detergent action and wetting ability to ensure cleaning and effective disinfection
- Non-corrosive and non-irritating at recommended levels
- Deodorizes and leaves a fresh scent
- Used on hard surfaces and as a general farm sanitizer
- Used for cleaning purposes on farms, hatcheries and food processing plants
- Used for manual cleansing and sanitizing of all utensils, equipments and work areas

RECOMMENDED USE RATE:

General disinfection 1: 500 to 1: 2000

Cleansing animal's body 1:1000 to 1: 2000

Egg sanitation 1: 500 to 1: 2000

Disinfection after surgery 1:100 to 1: 2000

**300 ml of solution can effectively disinfect 1 sq. meter area*

HANDLING AND STORAGE PRECAUTIONS:

- Keep out of children's reach.
- Keep all disinfectants away from food, feedstuff and other chemicals.
- Avoid direct skin contact with pure AMCiDDAC 50.
- Use of protective goggles and gloves is recommended.
- Corrosive in pure form but diluted product is generally safe to handle.
- Store in original container protected from direct light, heat and moisture.
- Store at 4°C to 35°C.
- Keep lid tightly closed.
- Do not reuse containers.

*** In case of accidents, flush eyes with running water and wash skin with soap and water.*

*** If irritation persists, seek medical advice.*
