

Ariela Marketing Co., Inc.

SUSTAINABLE DEVELOPMENT IN ANIMAL PRODUCTION

Ancivet Animal Nutrition Inc.

Lot 3 Blk. 3, Boston St., MIS IV, Brgy. Pantoc, Meycauayan City, Bulacan, 3020 Philippines
Tel. Nos.: +632 8404 0704 | +6344 797 0089 | Fax No.: +6344 797 0094 | Mobile No.: +63 917 5292853
Email Address: ariela@arielainc.com | Website: www.arielainc.com

ARIELA FEED PREMIXES

AMCICHROMIUM 0.04%	Chelated chromium feed premix.	25 kg
AMCICHROMIUM 0.1%	Chelated chromium feed premix.	25 kg
AMCI-E PLUS	Vitamin E + chelated selenium feed premix.	25 kg
AMCIBIOTIN 0.04%	Biotin feed premix.	25 kg
AMCILYTE	Electrolyte concentrate powder.	10x1 kg
AMCIBIOLYTE C	Vitamin C + electrolyte concentrate powder.	10x1 kg
AMCI BIOMAX 143	Multivitamin & electrolyte concentrate powder.	10x1 kg

DSM - BIOMIN

MYCOFIX SECURE	A high quality mycotoxin binder with EU approval.	25 kg
MYCOFIX SELECT 3.0	An effective mycotoxin risk management solution for T-2 Toxin, Deoxynivalenol, Aflatoxin & others.	25 kg
MYCOFIX PLUS 3.0	A complete mycotoxin risk management solution for Zearalenone, Deoxynivalenol, T-2 Toxin, Aflatoxin & others.	25 kg
MYCOFIX PLUS 5.0	The absolute mycotoxin risk management solution for Zearalenone, Fumonisin, Ochratoxin, Deoxynivalenol, T-2 Toxin, Aflatoxin & others.	25 kg
MYCOFIX PLUS 5.Z	The absolute mycotoxin risk management solution for Fumonisin, Ochratoxin, Deoxynivalenol, T-2 Toxin, Aflatoxin with faster Zearalenone detoxification.	25 kg
BIOTRONIC SE	A blend of selected organic acids and their salts embedded in a specialized carrier.	20 kg
BIOTRONIC TOP 3	A synergistic combination of organic acids and phytochemical embedded product in a special carrier and supported by a permeabilizing agent.	25 kg
BIOTRONIC TOP LIQUID	A synergistically acting combination of organic acids and Biomin Permeabilizing Complex for a stronger antibacterial effect and improved growth.	10 kg
POULTRY STAR ME	A well-defined, poultry-specific, multi-species synbiotic product.	25 kg
POULTRY STAR SOL	A well-defined, poultry-specific, multi-species synbiotic water-soluble product.	300 g

ARVESTA - PALITAL FEED ADDITIVES

AVEMIX 02CS	Multi-enzyme product composed of endo-1,3(4) β -glucanase; endo-1,4- β -xylanase, pectinase, mannanase, cellulase and protease.	25 kg
AVEMIX XG10	Multi-enzyme product containing high levels of endo-1,3(4) β -glucanase & endo-1,4- β -xylanase.	25 kg
AVEMIX P5000	Thermostable <i>E. coli</i> based 6-phytase.	25 kg
AVEMIX PRO	Thermostable, neutral, bacterial endopeptidase protease produced by <i>Bacillus spp.</i>	25 kg
INTEST-PLUS QUATTRO	A unique blend of sodium and calcium butyrate embedded in a patented matrix coating technology.	25 kg

NATURALLY RECYCLED PROTEINS

EC DIGEST CEF 50	Enzymatically processed and extruded chicken and egg product.	25 kg
------------------	---	-------

GRASP

AMCI ACTIVO	Synergistic blend of microencapsulated secondary plant compounds for overall gut health performance.	10 kg
BGMOS	Blend of mannan-oligosaccharides (MOS) and beta-glucans for gut health.	25 kg

NORFEED

NORPONI OPTI	Standardized saponins from <i>Yucca schidigera</i> , <i>Quillaia</i> , <i>Quinoa</i> & <i>Camellia sp.</i> for ammonia deactivation.	20 kg
NORPONIN M	<i>Yucca schidigera</i> extract for ammonia deactivation.	20 kg
NOR-GRAPE PX 100	Standardized grape extract rich in polyphenols, anthocyanins and proanthocyanidins.	25 kg
NOR-MITE	Aromatic formulation of plant extracts: Cloves and lemon grass that repel external parasites.	25 kg
NORPONIN XO2	Synergistic blend of saponins from <i>Yucca schidigera</i> and <i>Trigonella foenum</i> to manage coccidia.	25 kg

BIOSECURITY PRODUCTS - HEATON

CEKOCIDE	Broad spectrum 90% peroxygen based disinfectant.	6x1 kg
AMCITROL	Broad spectrum disinfectant containing chlorinated phenols, glutaraldehyde & QAC.	4x4 L
HEMEXOL LIQUID G PLUS	Broad spectrum disinfectant containing a homogeneous blend of glutaraldehyde and QAC.	4 L /20 L 200 L
GLUTAPLUS	Broad spectrum disinfectant containing a homogeneous blend of glutaraldehyde, QAC and surfactants.	4 L /20 L 200 L
AMCI PARAFORMALDEHYDE PRILLS "FORMAXINE"	Paraformaldehyde Prills containing 91% formaldehyde in a polymerized form.	2x10 kg
DDAC 50	Twin-chain QAC-based disinfectant.	1 L /4 L
AMCIDIGERM	Heavy duty liquid detergent containing QAC	4 L /20 L

ADDEASY

ADACID JOYMAX	A liquid form of blended organic acid.	5 kg 25 kg 1000 kg drum
---------------	--	-------------------------------

GOOD NUTRITION

VITALSORB	A lysolecithin based oil in water emulsifier.	20 kg
-----------	---	-------

EQUIPMENT

WASTE SEPARATION TECHNOLOGY

Press Screw Separators (PSS)

Press Screw Separators by FAN cover a broad spectrum of applications from the agricultural industry, biogas and bioethanol plants, food processing industry and up to the chemical industry. This innovative technology separates sewage in its solid and liquid elements.

Livestock Industry Separator

- Fan Separator PSS 1.1-300
- Fan Separator PSS 1.2-520/780 (220V/60Hz or 400V/50Hz Three Phase)

Mobile Separator

- Plug and Play Separator System (220V/60Hz or 400V/50Hz Three Phase)

Food Industry Separators (Stainless Steel)

- Fan Separators PSS 5.2 520/780 (220V/60Hz or 400V/50Hz Three Phase)

PUMPING TECHNOLOGY

Slurry Pumps

Slurry Pumps are essential factors for the waste management systems to function properly and it is used in the transportation of fluid mediums on agricultural farms.

- Helix Drive (Surface Pump)
- Magnum ESP/CSP (Submersible Pump) (220V/60Hz or 400V/50Hz Three Phase)

AGITATION TECHNOLOGY

Slurry Mixer

Properly stirred slurry guarantees uniform distribution of nutrients, increases yield and promotes optimum homogenization of fluid mediums.

- Submersible Motor Mixer MSX/MSXH (400V/50Hz Three Phase)
- Electric Mixer MEX 305/450G (220V/60Hz or 400V/50Hz Three Phase)
- Turbomix Tractor Mixer MTX/MTXH
